To whom it may concern:

Greg Hinton is my son. As Greg has grown into manhood I have come to respect and admire him more and more.

Greg's mother and I have been impressed with the enthusiasm and dedication he has shown while taking the EKG training and while fulfilling the internship duties.

One of the things that impresses me the most about Greg is his skills and abilities in analyzing and solving problems. Greg seems to have a technical mind. He is always working on successful technical projects.

Greg can always be counted on to carry out his duties and responsibilities. He is a pro-active person and is always looking for ways to improve things.

As the oldest of our 3 sons, Greg has always been looked up to and been a role model for his brothers. He always makes certain that he is available for any family matters.

Greg's personality and sense of humor have made him a very well liked and respected among his family and friends.

Please feel free to contact me at the address or phone number above. I can also be contacted at the email address below.

Sincerely,

Lamar Hinton
